↗

Summary

I am a passionate and motivated Computer Science student with a strong foundation in software development and engineering. I have experience working on web and mobile applications, as well as a keen interest in machine learning and data analysis. I am seeking opportunities to further develop my skills and contribute to innovative projects.

Education

Bachelor of Science in Computer Science | University of Fake
Sep 2019 - Sep 2022
GPA: 3.8/4.0

Experience

Company X | San Francisco, CA | Jun 2021 - Sep 2021
Worked on a team of developers to design and implement new features for the company's web application. Developed RESTful APIs using Node.js and Express.js, and integrated third-party APIs for data retrieval and processing. Collaborated with UX/UI designers to create responsive and user-friendly interfaces.

Projects
